CHURCH HAS ITS 60TH BIRTHDAY

The Congregational Church Holds Big Celebration on Anniversary of Founding

HISTORY OF CHURCH TOLD

Eight Papers Are Read, Telling Full Story of Church in Its Sixty Years

"The spirit of old times" held full sway and many were the fond recollections of a long and honorable career brought to life in the minds of the members of the congregation at the sixtieth anniversary celebration of the Congregational church yesterday afternoon and evening. The program, which was replete with reminiscences of the past and stories of the growth of one of the oldest

institutions in La Crosse, was full of entertainment for nearly every member of the congregation who were present at the celebration. The large parlors of the church were filled nearly to capacity by the happy throng that had gathered to do honor to the institution on its sixtieth birthday.

The afternoon program opened at 3:30 p. m. and was carried into the evening closing at 10 o'clock. Nearly every member of the large congregation was present. A picnic dinner was given in the parlors at six o'clock, members of families grouping themselves about the small tables. The ladies of the church furnished and served coffee.

History of Church Told

Eight papers on subjects of historical interest were read during the course of the afternoon and evening. old time workers telling of their early struggles in the carrying on the work of the church.

G. R. Montague spoke on "Early Reminiscences," a subject full of interest in regard to some of the early history of the church. He was followed by Mrs. Mary Eaton, who read

a paper on "The Early Work of the Women." This paper aroused vivid recollections in the minds of the feminine members of the parish and told of the important part the women have played in the history of the church.

Women's Part Told.

"The Later Work of the Women" was the subject chosen by Mrs. Henry Faville, and her able discussion of her subject proved that the work of the women has not decreased nor lessened in its power for the development and growth of the institution.

The stirring times of La Crosse in the early 60's and 50's were brought back to mind by the able address of J. S. Medary in his paper, "The Early Days of La Crosse." He told of events and incidents that have long passed into history and

Prominent Citizens Are Alleged Whitecappers

BLOOMINGTON, Ind., Jan. 23.—The first of the trial of eight prominent citizens, charged with "white-capping" started here today. The men are accused of taking Harvey McFarland from his home at midnight, stripping his back and flogging him. The court refused the accused a continuance.

Tobias Snoddy was placed on trial first. Snoddy and McFarland are alleged to have had a quarrel over a land trade and the prosecution alleges that this led to the "white-capping."

Selection of a jury occupied today.

IS MYSTERY IN BROKER'S DEATH

Well Known Member of Chicago Board of Trade Found Dead with ullet in Head

NO MOTIVE FOR SUICIDE

Police Say He Killed Self, but No Reason for the Action Can Be Found

CHICAGO, Jan. 23.—Frederick H. Weaver, 35, a well known member of the Chicago board of trade, was found dead with a bullet wound in his brain in a park near his home on the lake front in Evanston early today. Weaver had been missing from his office for several days and his friends say they believe he committed suicide, although no motive for his act is known. A revolver with one chamber empty was found beside the body. The coroner's physician after an examination stated that Weaver had shot himself. The body was found by workmen shortly after daylight.

Was Prosperous.

Weaver was a member of the firm of Buckley & Company, 39 Board of Trade building. He was prosperous and lived with his mother and sister in Evanston. Business associates say that he had made considerable money during the last few months. Dr. T. Balderston, the Weaver family physician, stated that he believed Weaver had been suffering from a nervous breakdown and that his mind may have been deranged when he shot himself.

The police pronounced it a case of suicide.

SOCIALISTS WIN GREAT VICTORY

Socialists Win in Twenty-seven Districts in Yesterday's Rebal-loting

WILL CONTROL LEGISLATION

Socialists Expect Victory in Thursday Vote, and Can Then Control the Government

BERLIN, Jan. 23.—Socialism has triumphed in Germany. When the call for the convening of the new reichstag was issued today directing that body to assemble on February 7, it was certain that the socialist organization would be the strongest party on the floor with a membership of not less than 110.

German officialdom was greatly depressed today because of the triumph of the workers. While it was expected that the socialists would make gains none of the leading officials believed they could sweep everything before them as they did Today the conservatives fear that, through a combination with the liberals and members of the left, they will control legislation.

Win 21 Districts

The socialists raised the membership in the incoming reichstag yesterday to 99, carrying their candidates through to victory in twenty-seven districts and losing the kaiser's own district by only seven votes. The party leaders openly said the strongest influences the kaiser could bring to bear were used to ensure Herr Kempf, the radical, by this small plurality. In Cologne, the Catholic center stronghold, the socialists elected one member.

Thirty-three districts will vote on Thursday and if the socialists are as successful as they hope, they will be able to make a combination with the radicals and liberals and dominate all legislation in the future.

MINERS COMBAT CAPITAL CONTROL

Office Holders in Union Must Be Mine Laborers; Fear Capitalist Tools

INDIANAPOLIS, Jan. 23.—Expressed fear that capital may seek to control high-office in the United Mine workers, and thus work to injure labor, marked the passage of constitutional amendments respecting officeholding qualifications by the miners' international convention here today. Candidates for international officers here must hereafter have worked at least five years in or around the coal mines. Before becoming candidates for international office they also must be members of the union for three years.

Thomas L. Lewis, former president of the miners, made a losing fight to have one year's membership substituted for three as a necessary qualification for holding an international office in the union.

Oppose Civic Federation

Opposition to the National Civic federation by the United Mine workers, will continue, notwithstanding the defense of the civic organization, made by John Mitchell late yesterday, according to the prevailing sentiment in the mine workers' convention here today. Mitchell asserted that the miners were wrong in their condemnation of the civic federation, as an organization opposed to labor reform.

FOUR ARE LYNCHED

NEGRESS AND THREE MEN ARE HANGED BY A MOB IN GEORGIA—MURDER SUSPECTS

HAMILTON, Ga., Jan. 23.—Special deputies rushed here in anticipation of a race war following the lynching last night of four negroes found the town quiet today. It was not until the deputies arrived that the bodies of the victims—Belle Hathaway, a negress, and John Moore, Eugene Haming and "Dusty" Crutchfield, negroes, were cut down from the trees on the outskirts of the town, where the mob had hanged them.

The lynching took place about midnight. The mob gathered so quietly that Warden Robinson had no warning of its purpose until more than a hundred men stormed the jail. The four victims were carried to the outskirts of the town and hanged, while the mob practiced its marksmanship on the grewsome targets.

The four were accused of the murder of Norman Hadley, a prominent farmer, who was shot down while sitting near a window in his home last Sunday.

Roosevelt Hissed At Amherst Dinner

BOSTON, Jan. 23.—Despite efforts of the part of those in charge of Amherst's dinner at Hotel Somerset last night to prevail on newspaper men "not to mention an unfortunate incident," it became known today that hisses greeted the mention of Col. Roosevelt's name in a speech by Lawrence Abbott, Amherst '81, president of the Outlook company, of which the ex-president is a contributor. Abbott was illustrating the "Amherst idea" when he said: "I want to take an actual case which illustrates the Amherst idea by referring to a man who heartily believes in it and who has successfully practiced it for thirty years.

"Last autumn I should hardly have dared to mention his name at a public dinner; I think I may do so safely now. The man is Theodore Roosevelt."

It was at this point that the speaker was interrupted from far corners of the room by hisses, which were soon drowned by applause.

DYNAMITE CACHE WAS A PLANT

This Is Belief of Judge Before Whom Strikers Are Up for Explosion Plot

LAWRENCE, Mass., Jan. 23.—"It is an unusual course for me to comment on a criminal case, but there are indications to show that the men and women arrested, charged with having cached dynamite in this city are innocent victims of a plot, and dupes of some persons interested in maintaining a reign of terror in this city."

This declaration, made by Judge Mahoney, presiding at the hearing of the eight persons arrested on the "tip" of private detectives, as dynamiters, has stirred this city.

The Arlington mills, largest in the city, shut down today because it could not secure workers. The owners announce they are willing to arbitrate if the state board of arbitration is chosen as the medium. Heretofore the company has refused to arbitrate.

VOTE ON COMMISSION PLAN

FEAR CAUSES A DROP IN PRICES

Butter Price Drops; Elgin Board Said to Be Afraid of United States Investigation

HURLS DEFI AT GOVERNMENT

Increases Sphere to Include Six States, Regarded as Challenge to the Authorities

CHICAGO, Jan. 23.—Although members of the Elgin board of trade and the Chicago Butter and Egg board declare the cut of three cents in the price of Elgin butter, announced yesterday is due entirely to weather and other natural conditions, it is believed here today that the government's campaign of investigation of the cold storage plants, represented in these two organizations is responsible for bringing the price down from 40 to 37 cents a pound.

Independent butter and egg dealers state today that a heavy supply of the cheaper grades of butter have been placed on the market from the cold storage houses and that this is responsible for the cut in the price of the Elgin grade. The cheap grades of butter were put out, it is said by members of the "Butter trust" with a view to cutting down the cold storage surplus before the government gets the figures.

The Elgin board hurled a defi at the government yesterday when it decided to increase its "sphere of influence" by receiving in its membership dealers in six surrounding states. This action, taken on a resolution by President Potter, will be investigated by the government, and it is probable that Potter will be called as a witness. While the government's investigation is not directly specifically at the Elgin board, all conditions involved in the alleged conspiracy prices are being probed.

BURROUGHS CASE IS NON-SUITED

Complaint Against County in West Salem Asylum Affair Dropped in Circuit Court

The case of H. S. Burroughs vs the County of La Crosse, a suit for the recovery of $800 alleged to be due for the placing of a hard wood floor in a certain part of the new asylum at West Salem, which was not contained in the plans and specifications, was non-suited in circuit court this morning.

Mr. Burroughs who had the contract for the work was about to put in a floor of less valuable material, declaring that the plans did not call for a hard wood floor in that part of the building. The architect insisted that the plans as drawn up conveyed the impression that hardwood floors were to be installed and ordered it done.

After the completion of the building, the contractor presented a claim for $800 for the floors which the trustees of the county insane asylum recommended should be disallowed at the November meeting of the county board.

Following the action of the county board suit for recovery was filed by Mr. Burroughs.

COULON IS VICTOR

BANTAM CHAMPION STOPS COME BACK CAREER OF FORBES BY A KNOCK-OUT.

KENOSHA, Wis., Jan. 23.—Johnny Coulon, bantamweight champion of the world, last night knocked out Harry Forbes, the former champion, in the third round of a scheduled ten round fight. The end came when the round was two minutes and thirty-four seconds old, a right swing to the jaw and left to the stomach doing to work.

Forbes surprised his friends by weighing in at 115, one pound under weight at 6 o'clock. Coulon, wearing most of his street clothes, failed to reach the beam at that mark.

Parents Poison Selves and Child

TERRE HAUTE, Ind., Jan. 23.—Mr. and Mrs. William McVey and their five months old child were found dead from poison, in their home here today. The family was destitute and the officials believed the parents first gave the child poison and then killed themselves.

McVey, who was a laborer, had had but little work lately and both he and his wife were in ill-health. The household furniture has been mortgaged to obtain funds on which to live. The nature of the poison which caused the deaths has not yet been determined.

ADVERTISE FOR BIDS ON WELLS

Work Soon to Begin on City's Most Stupendous Undertaking, Costs About $332,000

SEVEN MILES OF MAINS

Change to New Station Will Be Made Without Interrupting City's Water Supply

Advertisement for bids on the most stupendous piece of work ever undertaken by the city of La Crosse, was begun by the board of public works today when notice was sent out that the board is ready to consider bids on various contracts in connection with the new $332,00 well system of water supply. The contracts for the digging of the fifteen big wells near Myrick park will be let first and it is planned to have the work pushed as fast as is consistent with good work. It is probable that one contractor will be unable to meet the requirements of the board that tht wells be finished and ready for the installation of the pumping stations by July 15 and more than one will likely be employed on the job. It takes in the neighborhood of fifteen weeks to dig one well and several machines will be put at work at once. The contractors' bids will be opened March 1.

The plans and specifications call for sixteen inch wells which shall not be less than 125 feet deep. This will bring the boring down to bed rock and is expected to supply La Crosse with an abundant supply of good water.

Will Not Interrupt Water

The work will be done and the change from the old pumping station to the new will be accomplished without shutting off the city water supply for a moment. Two big pumps will be at work filling the mains before the big one at the old station is cut off.

The new trunk line of mains which is now being laid in preparation for the new system will be completed in ample time to handle the water from the new station. This trunk line is being laid on Sixth street from King street to the La Crosse river from whence it will be continued straight across to the north side. From King street the line drops down a block and will continue south on Fifth street to Farnam street. When completed this trunk line will be over seven miles in length. The extension of the sixteen inch pipe on the south side to Farnum street and will supply the whole south end of the city with water and will be in answer to a long standing demand.

When the work on the digging of the wells is nearing completion, the board of public works will take up the matter of contracts for the installation of the big pumps that are to pump the water to the 5,000,000 gallon reservoir. There will be three groups of wells each group handled by one electrically driven pump. It has not been definitely decided as to the distance between the different groups. Each group will be sheltered by a modern pumphouse probably built of concrete. It has not yet been decided whether a reserve reservoir will be built on Grandad bluff or not. It is probable that this matter will come up in the city council in the near future.

TENNESSEEAN IS BEFORE GRAND JURY

INDIANAPOLIS, Jan. 23.—Chas. M. Bobo, of Tullahoma, Tenn., today appeared before the federal grand jury here to give testimony in the investigation of the alleged dynamiting conspiracy.

No names of any persons indicted will be made public until they are arrested, according to Federal District Attorney Miller. He believes several days will elapse after the return of indictments by the grand jury before the government will be able to make public the entire list of persons caught in the federal net.

CROWD HEARS BOB'S ADDRESS

Carnegie Hall in New York Filled and Senator Speaks Outdoors First

AUDIENCE IS ENTHUSIASTIC

Wild Applause Greets Wisconsin Senator when He Appears in Gotham

NEW YORK, Jan. 23.—The political atmosphere in the east was further charged Monday night by the first appearance in this section of Senator Robert M. La Follette of Wisconsin, since he announced his candidacy as a progressive republican for the presidential nomination. In connection with the senator's coming there was political gossip to he effect that Colonel Roosevelt might also appear at the Carnegie hall mass meeting which Mr. La Follette addressed and possibly lend assistance to his boom, but the colonel was not present. Gifford Pinchot, a staun Roosevelt lieutenant, appeared, however, and presented Senator La Follette as "the candidate I support for the republican presidenial nomination.'

While the meeting was under way the crowd which sought admittance grew to such proportions that an overflow meeting was held in the street, which the Wisconsin senator addressed while those inside were listening to Mr. Pinchot.

Delighted with his reception in the "enemy's country," Senator La Follette prepared today to return to Washington. He spoke in terms of the highest praise of the audience which filled Carnegie hall last night and was elated over the way it applauded his declaration for the recall as applied to all judges, including the justices of the supreme court of the United States.

When the senator was finally led to the platform in the hall the audience rose and shouted, women waved handkerchiefs and cheers were given for him as "the next president of the United States."

Why He's Dangerous

"I have been admonished," the senator said, "that I am to address an audience different from any I have addressed before. I am admonished that for the most part this audience —"

The speaker was interrupted by a voice:

"This audience means business."

"I, too, mean business," the senator said. "That's why I am regarded as a dangerous man. I believe that, contrary to some rumors I have heard, the men and women of New York do care for this republic and are interested in its welfare.

"Our fatherse provided that each state should send two senators to congress, not to represent the steel trust or he money trust or Standard Oil, but all the people of the state. We have either the best government or else no government. Our fathers established it as a purely representative government. Is it so today?" (Cries of "No! No! It is not, it is no government at all.")

"Justice Brewer, addressing in 1904 the Albany law school, told those young men: 'No one can be blind to the fact that these mighty corporations are holding out to the lawmakers inducements to remember the corporate interests instead of the welfare of the people. The danger is greater because it is insidious.'

Like Wisconsin Folks.

"Remember those words. I would not fear corruption if it fought boldly and in the open. I fear it because it fights under cover and behind locked doors."

Great applause interrupted the speaker here, and he said:

"Why you New Yorkers are no different from us Wisconsin folk."

Mr. La Follette outlined five dis-

A Permanent Cure For Chronic Constipation

Although those may dispute it who have not tried it, yet thousands of others, who speak from personal experience, assert that there is a permanent cure for chronic constipation. Some testify they were cured for as little as fifty cents, years ago, and that the trouble never came back on them, while others admit they took several bottles before a steady cure was brought about.

The remedy referred to is Dr. Caldwell's Syrup Pepsin. It has been on the market for over a quarter of a century and has been popularized on its merits, by one person telling another. The fact that its strongest supporters are women and elderly people—the ones most persistently constipated—makes it certain that the claims regarding it as a permanent cure for constipation have not been exaggerated.

It is not violent like cathartic pills, salts or waters, but operates gently, without griping and without shock to the system. It contains tonic properties that strengthen the stomach and bowel muscles so that in time medicines of all kinds can be dispensed with and nature is again solely relied on. Among the legions who testify to these facts are Mr. Herbert Timm, 404 Idaho St., Oshkosh, Wis., and Caroline Mayard, Chatfield, Minn., and they always have a bottle of it in the house, for it is a reliable laxative for all the family from infancy to old age.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

COEDS DANCE THE GRIZZLY BEAR HOP

Gopher College Girls Find Pleasure in New Dance, but Bar All the Men

ST. PAUL, Minn., Jan. 23.—The "grizzly bear" and the "turkey trot," the latest creations in the terpsichorean art, have been danced to some extent at the University of Minnesota, but have been barred from the regular dancing classes. Girl students of the university, during the noon-day hop in Shevlin hall, are known to go through the capers among themselves, but their activities are entirely sub-rosa. They deny the charges that the "grizzly bear" was in evidence to any extent at the Pan-Hellenic dance Friday night, attended by members of nineteen fraternities and sororities. In one or two cases couples went through the new dances, but for the most part they were avoided. The Boston dance prevailed through the last few numbers.

Barred by Miss Butner

"I don't know what the 'grizzly bear' dance is, so that I can hardly give an opinion on it," said Miss Anna Butner, head of the physical department for women, under whose direction esthetic dancing for women is given at the university. "The girls are not allowed to dance it here, though, I understand that they dance it at Shevlin during the noon hour."

Men May Not See It

The girl students admitted that the "grizzly bear" hts found its way to Shevlin hall. It is danced in a modified manner, they said, and is under the ban in the presence of men.

DAUGHTERS IN DANGER

Lack of Blood Now May Result in a Lifetime of Ill Health.

There must be no guesswork about the treatment of pale, anæmic girls. If your daughter is languid, has a pale, sallow complexion, is short of breath, especially on going up stairs, has palpitation of the heart, a tendency to faint and a poor appetite, she has anaemia or lack of blood. Mistakes or delay in the treatment may result in in such serious impairment of her health that she will be weak and sickly during the rest of her life.

Anæmia is a loss of richness in the blood which cannot be made good without careful, intelligent treatment. The disease occurs in over-worked girls and in those who overstudy or are under some strain. It may also be inherited from the mother.

"Words fail to express the benefit I have received from Dr. Williams' Pink Pills for Pale People," says Miss Margaret L. R. Shade, of No. 6656 Frankstown avenue, Pittsburg, Pa. "I was afflicted with anæmia for eight years and became so weak and short of breath that I could hardly walk. My complexion was white and you could almost see through my ears, they were so transparent. I was so changed in appearance that oftentimes my acquaintances did not know me. I had no appetite and food distressed me so that I often had to vomit. There were short jabbing pains through my heart and I was sore across my chest and back. I was constipated and had severe headaches. There were sharp pains in my temples and back of the neck which were followed by nausea and dizziness. These dizzy spells came on me suddenly and caused me to sit or lie down. I was treated by three doctors. Two called my trouble anæmia, while the other said it might be green sickness. They did not help me, however, and I began to take Dr. Williams' Pink Pills for Pale People. I gave the pills a thorough trial and was entirely cured."

The most satisfactory way to give the blood the elements which it lacks is through Dr. Williams' Pink Pills for Pale People. A thorough, persistent trial will make the blood pure and red.

Two booklets, "Plain Talks to Women" and "Diseases of the Blood," will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50c. per box; six boxes, $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

WISCONSIN NEWS

M'GOVERN GOES TO BLACK RIVER FALLS

MADISON, Wis., Jan. 23.—Gov. McGovern went to Black River Falls yesterday to confer with the authorities and make a personal survey of the situation as it appears now with a view to securing information that will serve to determine whether or not a special session of the legislature shall be called to provide relief for the flood-swept city. After he has made this personal inquiry the governor will call a meeting of the relief committee and then, should it appear that the demand for relief is such that extraordinary means are necessary and that is no other way by which such relief may be extended, it is possible that the legislators will be called together, if it is found that action by the legislature may be legally taken.

Mustard's Quick Relief Without the Blister!

You remember the good old-fashioned mustard plaster.

Your mother and your grandmother used to apply it whenever you had a cold, an ache or a pain.

It burned like sixty, but it surely did the work.

Here is the old family remedy, greatly improved by science and put in Twentieth Century form—

THE QUICK AND BLESSED RELIEF WITHOUT THE BLISTER OF THE MUSTARD, OR THE BOTHER AND MESSINESS OF THE PLASTER.

MUSTEROLE is a clean, white ointment, made with the oil of mustard. For MUSTEROLE, the oil of the highest grade of mustard is refined until it is as pure as human skill can make it.

You simply rub it on the spot where the pain is—rub it on briskly—and the pain is gone!

Not a blister is left even on tender skin! Instead it has a delicious, comforting effect.

You don't have to spread MUSTEROLE on a cloth. Just apply it with the finger tips.

You don't have to bind on a cloth. MUSTEROLE is so penetrating that it goes right through the pores at once.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

MUSTEROLE is for sale by leading druggists everywhere. Accept no substitute.

Many of these display the MUSTEROLE sign (shown below) in their windows.

MUSTEROLE comes in jars of two sizes, 25c and 50c.

If your druggist cannot supply you, send 25c and we will send you a jar postage prepaid.

THE MUSTEROLE COMPANY, Cleveland, Ohio

My sister was suffering from Neuralgia and I from Rheumatism; MUSTEROLE relieved us completely.
C. F. McClintoch, Pittsburg, Pa.

MUSTEROLE WILL NOT BLISTER

My four-year-old son had severe Bronchitis. I found MUSTEROLE the best thing I ever used.

A Drop of Blood

Or a little water from the human system when thoroughly tested by the chief chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., tells the story of impoverished blood—nervous exhaustion or some kidney trouble. Such examinations are made without cost and is only a small part of the work of the staff of physicians and surgeons under the direction of Dr. R. V. Pierce giving the best medical advice possible without cost to those who wish to write and make a full statement of symptoms. An imitation of natures method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alterative and glyceric extract of roots, without the use of alcohol, such as

Dr. Pierce's Golden Medical Discovery

Which makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgment. Get what you ask for!

HOW THEY ACTUALLY "VOICED THEIR PROTEST"

The Hokah Chief is much exercised because "that political pirate, The La Crosse Tribune," and its "hordes of spellbinders" are again threatening a "carpet bag invasion" of the First Minnesota district. "The mere suggestion," says the Chief, "has caused a wave of protest and republicans generally are voicing their protest."

They "voiced their protest" a little less than two years ago by defeating Mr. Tawney, who had the support of The Chief, and by electing Mr. Anderson, who had the support of The Tribune.

The thing that stirred up The Chief was the recent suggestion on the part of The Tribune that it was unfair for Lawyer Gray, of Preston, now touted as a progressive republican candidate for congress, to attempt to succeed Mr. Anderson after having shirked the fight which the latter won at a time when many believed the outlook to be hopeless.

The discussion also drew the fire of the Preston Times, edited by Sam Langum, for years postmaster of the House of Representatives by courtesy of Mr. Tawney, against "the dope fiend who writes the political slush for the La Crosse Tribune." The Times says it is "advised that Mr. Gray has no intention of becoming a candidate in the immediate future." However, we take the liberty of guessing that he will be a candidate—the sort of candidate the standpatters surreptitously instigate to run under the progressive banner, to talk insurgency at home and vote "regular" in Washington. We say he will run because we do not expect the Minnesota standpatters will let the election pass without attempting to eliminate so reliable a progressive as the Congressional Record shows Mr. Anderson to be.

And by way of twisting the political pompadour of the First district's standpat machine, we hereby agree to again turn loose the "carpetbaggers" should Mr. Anderson be confronted by an opponent sailing under false colors.

CARPET FROM BAGDAD A CAPTIVATING STORY

The Tribune commends to lovers of fiction the new serial, "The Carpet From Bagdad," publication of which begins with tomorrow's issue, a synopsis of which we offer for their consideration.

George Percival Algernon Jones, vice-president of the New York Carpet Company of Mortimer and Jones, is a young man who has always been timid in society because he was sensitive of his two middle names, bestowed upon him by a mother who had a leaning towards romance. He is known in all parts of the Orient as an expert in old rugs and carpets, but he has never had an adventure.

While in a hotel in Cairo he sees a young woman and is strongly attracted by her. Later, through her uncle, Jones meets her, learning that her name is Fortune Chedsoye. He also meets her mother, and remembers her as a woman to whom he had loaned money at Monte Carlo several years before.

Jones is approached by a man who says his name is Ryanne, and who offers to sell him a holy rug known as the Yhiordes, and which he says he managed to steal from a mosque in Bagdad, after a hard fight. Jones recognizes the rug as being genuine and buys it for his collection. Ryanne, it appears is merely one member of a gang of crooks which has spotted Jones as a victim. Fortune Chedsoye's mother and uncle are also members of the gang, but Fortune is not aware of this.

Mahomed-El-Gebel, keeper of the holy rug, follows Ryanne from Bagdad to Cairo, resolving to have revenge for its theft. In the meantime it develops that the gang to which Ryanne belongs is anxious to get Jones out of the way and to intercept his New York mail. Ryanne accepts this commission and when he learns that Mahomed is on his trail he sees a way to get rid of Jones. He tells Mahomed that Jones has the rug and that if he will only kidnap Jones, the rug will be restored to him. Mahomed agrees. Jones is lured to the English bar by Ryanne and there Mahomed and his fellow Arabs overcome him, cover him with a sack and carry him to the desert with a camel caravan.

When Jones is finally released from his bonds he discovers that the Arabs have captured both Ryanne and Miss Chedsoye. Mahomed still desires revenge on Ryanne and having seen him in the company of Fortune imagines that he can torture him best, by torturing her. Several days are spent on the desert, the caravan moving towards Bagdad. Mahomed finally promises to permit Fortune to return to Cairo, with one of the two men as escorts and gives her her choice as to which it shall be.

Both men at this time are in love with the girl and she refuses to choose between them. Each urges the other to accept Mahomed's offer to return to Cairo, but they are equally brave and will not accept a chance which they deem cowardly. Ryanne and Jones become well acquainted and Ryanne confesses that he is a rascal but that he comes from a good New York family. His brother is a wealthy banker. He finally resolves to lead a different life if he escapes this adventure without harm and Jones offers him a position on one of his California estates. Ryanne accepts, although he knows that he can never marry Fortune.

One night while the caravan is encamped Jones hears another caravan moving along. He discovers that it is composed of white men and succeeds in attracting their attention. They come to his aid and Jones, Ryanne and Fortune are rescued from the Arabs. They go with their new friends to Damascus and then Ryanne weakens. He finds that he cannot lead an honest life and suddenly quits Jones leaving behind a not of explanation.

Jones wants to take Fortune to New York where she can make her home with friends of his. She has learned that her mother is a thief and resolves never to live with her again, but she is too proud to accept Jones' offer, believing that it is inspired by pity. However, she does consent to take his help as far as Naples and then Jones confesses that it is not pity but love, which prompts him. Fortune has loved Jones all the time and she promises to become his wife.

Arriving in New York, Jones goes to his house which has been left in the charge of a caretaker. This house is in the rear of the bank of which Ryanne's brother is president. It has been the plan of Ryanne and Mrs. Chedsoye to rob this bank. They intercepted Jones's mail in Cairo, secured the address of his agent and wired in Jones' name that the house was to be turned over to a party of his friends who were coming to New York. In this way they secured possession of the house and from it tunnelled into the bank. They rifled the vaults and were in the dining room of the house celebrating their victory when Jones arrived. He saw them through a window and his first thought was to call the police. However, he realized that this would compel Fortune to appear in court against her mother and he wished to spare her this. He telephoned to Ryanne's brother and had him come to the house. Together they entered, covering the thieves with revolvers. They were compelled to give up what they had taken, and permitted to go without prosecution.

GASOLINE EXPLODES; BURNED

VIROQUA, Wis., Jan. 23.—Mr. and Mrs. W. E. Withrow of Viola were very seriously burned at their home. After building the fire in the morning, Mr. Withrow thoughtlessly left the gasoline can near the stove. In a short time a gas formed and ignited, and his wife, upon rushing from an adjoining room found him in a blaze of fire. In helping him, she also became badly burned. The smoke and gas were so thick in the room that both jumped out through a window. Running across the fields to the home of a neighbor, they had their wounds treated. Mr. Withrow's burns were more serious than those of his wife.

Stanton Wins

A Romance of Racing Cars

by

Elenaor M. Ingram

Copyright 1911, The Bobbs-Merrill Co.

"You're going to see me," corrected Stanton, slowly definite, "for ever. You're going to marry me tody."

She lifted her face to him as he stood over her, the girl's piteous beauty of it, the boy-comrade's direct candor, the mechanician's unmurmuring obedience, and he saw her trembling whose courage matched his own.

"Don't make me unless you want me, truly," she whispered. "We're playin' square, now."

His reply was inarticulate, the expression which leaped into his eyes was that with which he once had looked at Floyd across the cups of chocolate. Only now it came with the fierce movement that crushed her supple figure in an embrace blending every passion to be spent on man or womn.

"Jess, Jess—comrade Jess, love Jess!"

After a while, she made the last essay.

"You're sure, Ralph?"

"Hush!"

"You've lost your racing mechanician."

"I'm not going to race; we're going to Buffalo to open the Comet automobile factory."

"I've known you every minute; you didn't all know either Jes or Jessica."

For the first time since the Mercury car changed tires on the Cup race course, Stanton's blue-black eyes laughed into the gray ones.

"Perhaps not, but I know Jess Stanton. Get your hat and furs and come sign your contract; we're team-mated for the long run, my girl."

(The End.)

Who is the man who can stand the gaff?
Call him a brute—he's simply laugh;
The man that can stand the brunt of a joke,
Doesn't give a darn at the fun you poke—

Who is the man who in rain or snow,
When the sleet comes down and the north winds blow,
And while the town is tearing its hair,
Calmly sleeps in his big armchair—
The Weather Man.

Who is the man who sits all day,
And answers the phone till his hair grows gray;
Who says to Madam: 'It'll rain tomorrow;"
Whose voice has in it a note of sorrow—

What the Signs Said

"China gave me many a shock," said the returned traveler, "but the one that nearly carried me off was administered in the Fauchau district. Out in the country I came across a beautiful little lake drained by a beautiful little river.

The scenery was marred, however, by signs stuck up every few yards at the edge of the lake. I wondered what their import was, and on one of my trips to the lake I took a missionary along to translate.

"'O, that,' said he. 'There are not many of them left in this district. That is a warning that "Girls must not be drowned in this lake."'"—New York Times.

Reward of Merit

"Go on, sah! Go on and blow yo' hawn 'bout who yo' is and what yo' done!" impatiently said old Brother Bogus. "But, lemme specify dat I'se de on'y extinguished citizen o' dis town dat de president o' de railroad—dis yuh road, right yuh!—paid any 'tention to when he went th'oo in his special kyah last week. Yassah!—I wuz yuh when de train passed—right on dis spot!—and dat 'ar po'tly white man gimme a fine seegyah; flung it to me out'n de window o' de kyah, and 't wuz lit, too!"—Puck.

Not Surprised.

One of the worthies in the Fife village happened to be working in his garden with a very small spade, when a neighbor came on the scene and remarked: "Man Jamie, that's a gey wee spade ye're working wi,' Ma laddies have bigger spunes for suppin' their parritch wi'."

Without glancing up "Jamie" replied: "Ma mannie, I dinna winder at it when I see their faither's mouth."—Tit-Bits.

Futile Worry.

John D. Rockefeller, Jr., at a recent dinner in New York said of success:

"Sucess depends a good deal on the recognition of values. The successful man knows what is important and what is unimportant. He doesn't waste time over trifles. That, he knows, would be as silly as the Tarrytown girl's complaint.

"A Tarrytown girl, after reading a letter from her fiance, said pettishly:

"'I do wish Joe would learn to write more clearly. I can't tell from this postcript whether he is sending he 10,000 or 100,000 kisses.'"

All In the Family.

A young New Haven man, returning home from a health trip to Chicago told his father about buying a silver mine for $3,000. "I knew they'd rope you in!" exclaimed the old man. "So you were ass enough to buy a humbug mine."

"Yes, but I didn't lost anything. I formed a company, and sold half the stock to a Connecticut man for $7,000.'

"Y-you did?" gasped the old man as he turned white. "I'll bet I'm the one who bought it."

"I know you are," coolly observed the young man as he crossed his legs and tried to to appear very much at home.—Argonaut.

A Luxury

Jim, who worked in a garage, had just declined Mr. Smith's invitation to ride in his new car.

"What's the matter, Jim," asked Mr. Smith, "are you sick?"

"No, sah," replied. "'Taint that—I done los' five dollars, sah, an' I jes' natchirly got tuh sit an grieve."

An Orgy of Despair.

Two women were leaving the theater after a performance of "The Doll's House."

"Oh, don't you love Ibsen?" asked one ecstatically. "Doesn't he just take all of the hope out of life!"

ST. PAUL WINS SHOOT

ROBBERY MURDER MOTIVE

SALT LAKE CITY, Utah, Jan. 23.—Police today believe robbery was the motive behind the murder of Mrs. Marcia S. Gross, who was strangled to death Sunday in her rooming house here. John B. Rose, a waiter, who first notified the police of the murder, is under arrest. He told the police he found the woman's body when he entered the house Sunday.

Complexions Flaked Off At Home

(From Pilgrim Magazine.)

The girl with the poor complexion complains, "I have to touch up my cheeks. I am sallow and a sight, and only my makeup saves me."

Now, as a matter of fact, more women spoil their good looks than improve them with cosmetics. The practice certainly is inexcusable, now that the virtues of ordinary mercolized wax have become known. The mercolide in the wax has wonderful absorbent powers. It causes the faded or discolored scarf skin to flake off in a minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all. In this way the old complexion is actually removed—likewise all fine lines, pimples, blotches, moth patches or other surface defects. A new complexion appears—a clear, smooth, youthful, healthy-hued skin such as no paint, powder or lotion can produce. An ounce of mercolized wax, to be had at any drug store, is sufficient. It is applied like cold cream.

A Skin Tightener to Reduce Wrinkles

(From Popular Medicine)

In beauty culture, as in the treatment of disease, the tendency nowadays is to seek the removal of causes, rather than to treat symptoms or effects. In the matter of wrinkles, for instance, we know that the lines or furrows are caused by the skin becoming loose in places, so it does not perfectly fit the flesh beneath. The skin then "wrinkles" or sags. Naturally the proper thing to do is to tighten the skin—make it fit—then there's no room for lines, wrinkles and folds, and no surplus skin to sag or bag.

The best known formula for the purpose is: Saxolite, 1 oz., in ½ pint witch-hazel. Use as a wash lotion. The effect is truly remarkable, especially as results are immediate. Ask the druggist for the powdered saxolite, which dissolves more quickly than any other form.

The score is a good comparison of the teams.

Minnesota Deputy Says New Law Regarding the Fishing Through Ice Is Not Understood

That the question of fishing through the ice on the Mississippi river in the waters over which Minnesota has jurisdiction has not been thoroughly understood by residents of Wisconsin, is the opinion of H. P. Felgate of Winona, deputy warden of the Minnesota Fish and Game commission following a visit to La Crosse and the vicinity last Friday and Saturday. Upon his return to Winona, Warden Felgate wrote a letter to The Tribune in which he issued a warning to such as may be breaking the fish and game laws and asked that the Minnesota laws be explained to the readers of The Tribune in order to prevent further violations. The letter which was received today given in full as follows:

Felgate Issues Warning

"Winona, Minn., Jan. 21, 1912

"To the City Editor,
"La Crosse Tribune,
"La Crosse, Wis.

"Dear Sir:

"I had occasion to spend Friday and part of Saturday in your vicinity and while there I found that the question of fishing through the ice on the waters over which Minnesota has jurisdiction was not thoroughly understood and if you will kindly call the attention of your readers to the Minnesota's Game and Fish Commission's wishes in this matter. I will assure you that it will be appreciated by all concerned, and I certainly hope that when I drop down again that I will not find it my duty to otherwise correct some one or ones for not taking advantage of this call to fish according to law.

"Yours truly,
"H. P. FELGATE,
"Deputy Warden, Winona, Minn."

Minnesota Laws

According to the Minnesota laws the season for taking rough fish in a fish house opens on Dec. 15, but the person or persons wishing to operate a fish house must do so according to section 46 of the 1911 Game and Fish laws, which read as follows:

No ptrson shall erect, have or maintain upon the ice of any waters of this state any fish house, structure, inclosure or shelter whatever to protect the person of the occupant while engaged in fishing through the ice. Except, that on all inland lakes of this state, and on all interstate waters over which the state of Minnesota has concurrent jurisdiction with sister states, a fish house may be used for the purpose of taking pickerel, carp, buffalo fish, (over 3 pounds) bull heads, suckers and red horse from the 15th day of December to the 1st day of April following.

Must Get Permit

Provided, further, that any person desiring to use such house shall first make application for a permit for such use and obtain such permit from the game and fish commission, stating that the same is to be used by him for the purpose of obtaining fish for his domestic use and not for commercial purposes, which application shall be acompanied by a fee of one dollar, but no such person shall be permitted to use more than one fish house, and upon payment of such fee said permit shall be issued and granted.

Provided, further, that the game and fish commission may withhold permission to erect fish houses on certain lakes where conditions, in their opinion, warrant it.

Warden Felgate wishes the following regarding the use of a fish house thoroughly understood.

Some Further Details

All persons making applications for a fish house license must make such application to the state game and fish commission, St. Paul, Minn., care of Capitol building.

It's unlawful to take buffalo fish under three pounds or any of the fish family, other than the law specifies.

It's unlawful to sell fish taken in a fish house.

It's unlawful to take more than twenty-five fish per day except bullheads.

Non-residents may get a license for a fish house.

All inquiries regarding the above law will be cheerfully answered by the commission at St. Paul or by Warden Felgate at Winona.

SPOTLIGHTS

THE SPENDTHRIFT.

Being a butterfly and regarding as the most serious things of life a new hat or a just-imported gown—these are some of the ideas that prompted Porter Emerson Browne, an observing and brainful writer, to make a play called, "The Spendthrift." He wrote it and Frederic Thompson gave it an immediate production. Sometimes people like to see themselves as others see them and for twenty-two weeks the largest audiences the Hudson theater had ever known (and women predominated) was the result of its New York run. The play comes to the La Crosse theater Saturday, Jan. 27, matinee and night, when it will be presented the same as in New York.

In "The Spendthrift" the author takes up the most vital question of the home. He deals boldly with wifely extravagance, the social duties that mean the neglect of husband and he also takes a good sized view of race suicide. His principal characters are a hard working broker who is making money. He has a home and a wife but they exist in name only. He has longings that the wife does not or will not understand. To her the babies of the drawing room, the frowfrous of society are the all absorbing things of life. He toils and earns but her expenditures never leave him a balance. Suddenly there comes a crisis. She is head over heals in debt and he is faltering under the increased burdens of wifely expenditures. In desperation the wife seeks out a man friend for help. He is a member of the society to which she belongs but to the world, which knows, his reputation is that of a roue. In her dilemma he loans her money. The husband becoming appraised of this begins to suspect. Finally he decides upon a plan that will not only tell him what course to pursue in the future but may teach the wife a lesson. At midnight after she has retired he makes her go to the telephone and summons to her boudior this man who has aided her with money. He comes to the room and the husband is there to confront them both. Here the author brings in the great big moment of his play and out of the ordeal comes a transformation in the wife. Mr. Browne ends the play happily but does it in an unconventional way.

TIRED OF LIFE; TRIES TO DIE

RUSHFORD, Minn., Jan. 23.—Martin Kjos, aged about 48 years, one of Spring Grove's earliest settlers, attempted to commit suicide last Friday night at the county jail to which he had asked to be taken by Marshal Rosendahl. Kjos was a hard drinker and had been imbibing freely for several days before and suffering from delerium tremens, was attended by Dr. Hellan, who, while mixing some medicine, heard a strange sound issuing from Kjos' cell and investigating, found Kjos had gashed his throat five times with a dull pocket knife. The wounds were sewed up but the man's condition is very serious.. His only reason for the act is that he says he was simply tired of life. He was an excellent carpenter and boarded at a hotel, being unmarried and having no regular home. He was taken to the hospital at Caledonia where it was determined to perform an operation in the hopes of saving his life.

Gust Mot, who has been in Canada since last spring, is home for the remainder of the winer.

Martin Millie, who for many years was in the employ of the Rushford Wagon Co., came up from Yucatan this week to assist P. Miller in posting the company's books for the year and helping to invoice the stock. Mr. Millie is in partnership with G. Eiken a Yucatan in the general store at that place and says that business there is good.

Mr. and Mrs. O. E. Moe have this week as their guest, Mr. Carl Gilbertson of Hayward, Wis.

Mrs. G. C. Selvig entertains the Ladies' Aid society of the Evangelical Free church at the basement of the Bible Institute Saturday, Jan. 20th.

Jacob Johnson has commenced harvesting, it being in this case, the annual ice harvest, which promises to be the best for many years. His large ice house will be filled to the brim and there will be no shortage of ice next summer in Rushford if he can prevent it. Last year the ice went out before the harvest was really finished and because of the fact there was a shortage in refrigerator supplies, as the flood took a goodly supply down river.

John Peterson, upon entering his barn Monday morning, was astonished to find that his best driving horse had been kicked during the night by another animal with such force as to break a leg. Mr. Peterson was forced to kill the disabled animal.

Mr. and Mrs. Alfred Peterson are the proud parents of a baby girl born last Thursday.

Rev. Salvig, pastor of the Whalen and Peterson churches, will occupy the pulpit of the Lutheran church at Rushford next Sunday morning.

Herman Ensrud, who for the past two years has been at Butte, Mont., in his brother, Carl's dentist office, is visiting his mother, sisters and other relatives for a few weeks.

Rushford is proud of the fact that one of its boys has been selected by the Rushford Ski club to represent this city at Stoughton, Chippewa Falls and Chicago, the meet at the latter city being the national tournament. The young man in question is Ludwig Larson, one of the youngest of the professionals and whose future is a promising one.

About forty couples of the young folks of Rushford and vicinity entertained at a leap year party at the Elite Theater last Wednesday evening. A most enjoyable time is reported and the gentlemen who appreciated the honors bestowed upon them, will give a return party at a later date.

Among those who accompanied the remains of the late Mrs. S. G. Iverson from St. Paul to Rushford were Mr. and Mrs. C. S. Brown, Mr. and Mrs. Estabrook, Rev. Shaad and E. E. Fisher of St. Paul; and Mrs. H. C. Hart and Mr. and Mrs. Homer Hart of La Crosse.

The Farmers' Creamery Co. will hold their annual meeting at the Rushford creamery on Saturday, Jan. 27 at two o'clock p. m. There will be the yearly election of officers and also other business transacted.

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for $2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

FIRE SWEEPS OVER BLACK RIVER FALLS

BLACK RIVER FALLS, Wis., Jan. 23.—Fire which for a time was thought would wipe out a major portion of this city, swept by disastrous floods last fall, early today destroyed the Wheeler restaurant, F. T. Sandahl clothing store and the drug store of Norman Sandahl, with an approximate loss of $50,000. Mrs. Wheeler, proprietress of the restaurant, and Norman Sandahl lost their entire stocks in the recent flood. They reestablished their business places, but today's fire renders them penniless.

NEWBRO'S HERPICIDE

Did Not Disappoint.

Don't become discouraged simply because your hair falls out and is thin weak and wispy until you have tried Herpicide. "I first began to use Newbro's Herpicide three years ago, after a spell of fever, which caused me to become almost bald. Herpicide soon restored the quantity and natural color of my hair. I feel lost without a bottle of Herpicide in the house." Thus Mrs. Anna C. Layn, 821 Second Ave., Louisville, Ky., tells in her own words how she lost her hair and how she got it back. Mrs. Layn's experience has been duplicated a thousand times and can be repeated thousands more.

Newbro's Herpicide keeps the hair and scalp in a perfectly healthy condition. When the hair papilla has not been destroyed by the ravages of the dandruff germ, the hair will resume it suspended growth.

Newbro's Herpicide kills the dandruff germ and checks falling hair. The itching of the scalp stops almost instantly. Others imitate and make similar claims, but the original dandruff germ destroyer is Herpicide.

Applications of this wonderful remedy may be obtained at any good barber shop.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

SPANISH CABINET TENDER RESIGNATION

MADRID, Jan. 23.—Announcement was made today that Premier Canalejas and the members of his cabinet would tender their resignations to the king. The decision to resign is believed to have been brought about by the bitter opposition to Canalejas by the radicals, republicans and socialists.

Canalejas presented his resignation to the king last week after Alfonso had commuted the death sentence of a rioter in opposition to the premier's recommendation. He was persuaded later to remain at his post.

WEBSTER STARTS LIFE SENTENCE

OREGON, Ill., Jan. 23.—Declaring that he has no regrets for his crime, the murder of his bigamous wife, and maintaining that he is perfectly willing to pay the penalty of life imprisonment, Dr. Harry Elgin Webster, sentenced by Judge Farrand to spend the rest of his life behind the prison walls at Joliet, departed from the dreary little jail here today to begin his term.

Webster's parents were at the station to bid him good-bye. His mother had spent many hours with him since the court gave sentence yesterday. For the mother it was like a death-bed leave taking.

ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

Get a 25 cent bottle of Danderine and just try this — stops hair falling out at once.

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp; forever stopping itching and falling hair.

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

LAWSUITS AGAINST SHOE DEALERS

The F. Mayer Boot & Shoe Co. of Milwaukee, Wis., have commenced suits against a number of shoe dealers at Milwaukee, St. Paul, Minneapolis and other points alleging violation of the trade mark law. These dealers are charged with trading on the reputation and name of "Martha Washington Comfort Shoes" and using this registered trade mark name, which is the exclusive property of the above named company, in the sale of shoes which were not Martha Washington shoes.

Evidence has already been secured against one hundred shoe dealers and further investigations are revealing new cases. The F. Mayer Boot & Shoe Co. have asked the court to enjoin the further sale of shoes by the defendants under this name, and for an accounting of those already sold.

Under the present laws, merchants are taking chances in attempting to trade upon trade mark rights unlawfully. For the protection of the public, the manufacturers of the genuine Martha Washington Comfort Shoes have branded the name "Martha Washington" on the sole, which is a safeguard against fraud and substitution.

MARINETTE MEN INSPECT SYSTEM

Committee Inspecting Water Systems Tours State to Get Data on Municipal Ownership

GUESTS OF CITY OFFICIALS

Theater Party, Followed by Banquet; Visitors Speak Highly of the City

Thirteen city officials acted as hosts at the theater party given in honor of City Engineer A. L. Hill, Marinette, and Professor G. H. Landgraf, Marinette, at the Majestic theater last night.

Messrs. Hill and Landgraf who are acting as a committee of inspection in behalf of the water committee of Marinette, are visiting all the cities in Wisconsin of over 10,000 inhabitants having a municipal water plant, for the purpose of collecting data and information on the installation and management of municipal plants.

The water system in Marinette is owned by a private corporation. A short time ago a committee consisting of the aldermen and five members of each ward, was appointed to investigate as to the advisability of public ownership of the city water plant. This committee in turn appointed Mayor Joseph Fisher, City Engineer Hill and Professor Landgraf as a committee to inspect the system of other cities. Mayor Fisher was unable to accompany the other members of the committee on their inspection trip.

The men from Marinette accompanied by Mayor John Dengler, City Clerk E. H. Hoffman, Comptroller W. G. Fries, Alderman Houska, Geo. Falk of the board of public works, Park Superintendent Forrer and ormer Alderman Lang, made a visit to the site of the new well system where a test is being made, yesterday afternoon.

Following the inspection of the new well system the city officials who were acting as hosts took the visitors on a tour of inspection through the city. All of the factories and leading industries of the city were visited. The gentlemen from Marinette spoke highly of the general apearance of the city and the prosperity which prevails and expressed themselves as highly appreciative of the courtesy which had been extended to them by the officials of La Crosse.

Following the theater party the men adjourned to the Jefferson hotel where a banquet was given. The following were present:

Mayor John Dengler, City Clerk E. H. Hoffman, Comptroller W. G. Fries, Alderman Houska, George Falk, of the board of public works; Park Superintendent Forrer, former Alderman Lang, Alderman Frank Roth, Alderman H. G. Roth, Alderman Roellig, Alderman Bedessen, Alderman A. Kroner, Alderman Otto Granke.

CROWD HEARS BOB'S ADDRESS

(Continued from Page 1)

tinct propositions of the progressive republicans. When the speaker mentioned the recall as one of the progressive doctrines, a voice from the gallery shouted: "Would you recall a judge?"

"I paused to have that question asked," said the senator. "You would not have asked that question, my friend, if you knew me. You would know that I would speak of it before I left the subject. I am always ready and willing to explain my position on every public question to which I have given thought. Hence I came to New York prepared to say that I favor the recall of the judiciary."

Would Limit the Recall.

"Now I am going to disappoint you," said the senator. "I favor the recall of the judiciary, but with restrictions and reservations with which I would not surround the recall of legislators or executives.

"I do not deify the bench. I do not feel that its inspiration always is divine. When the court forgets its function is to construe the law as it is written by the legislature and usurp the functions of the legislature by writing words into that law, I believe there is justification on that score alone for the recall of the judiciary.

"I will not try to veil my meaning—I mean the Supreme court of these United States. When members wrote into the Sherman anti-trust law the very words which congress had refused to write into the law, they went outside their function."

Some one called out: "Where do you stand on the female suffrage question?"

"I believe in democracy," shouted the senator. "I believe that the women of a community have the same right to express political judgment upon the questions which affect their homes, their lives, the society in which they move and the conditions under which they live as I have. Why, equal suffrage has passed the stage of argument. We could not stop it if we wanted to, and I tell you you will be ashamed of yourselves in a few years if you do try to stop it now." Applause.

Aren't there many things you think you will put a stop to, but which keep going on?

WRECK BLAME TO BE FIXED

Rigid Investigation for the Responsibility of the Kinmundy Smash Starts Today

CHAMPAIGN, Ill., Jan. 23.—Plans were laid here today by Vice President W. L. Parks and Assistant General Manager T. F. Foley of the Illinois Central for one of the most rigid investigations in the history of the road to determine the case and fix the blame for the Kinmundy wreck on Monday morning in which J. T. Harahan, former president of the road; F. O. Melchor and E. B. Pierce of the Rock Island, and E. E. Wright of Memphis, were killed.

The board of inquiry started its formal investigation this afternoon. The board is composed of Dean Gross of the University of Illinois; J. B. Berry, chief engineer of the Rock Island; G. L. Fittinger, business man of Centralia and representatives of the interstate commerce commission, and the Illinois railway and warehouse commission.

It is probable also that the interstate commerce commission and the Illinois railroad and warehouse commission will make independent investigation of the wreck to determine whether the system of the company in handling its trains was at fault.

HITCHCOCK WANTS ROOSEVELT MEN

Postmaster Said to Have Urged Roosevelt Stampede in Oklahoma Convention

HITCHCOCK DENIES RUMOR

Hitchcock Announces that He Is for Taft as Strong as Is Possible

COAL GATE, Okla., Jan. 23.—With the organization republicans led by State Chairman Harris prepared to fight to the last ditch to prevent any stampeding of the convention, the republicans of the fourth district met here today to select delegates for the national convention in Chicago. The fourth district delegates will be the first chosen in the country.

A report was circulated this morning that District Chairman Perry had received instructions to stampede the convention for Roosevelt. Several prominent republicans claim to have seen the instructions and assert they were from Frank Hitchcock himself.

The report that Hitchcock had sent instructions for a Roosevelt delegation and that these instructions had been seen came from Loren Disney, former United States clerk for the eastern district of Oklahoma.

Hitchcock Denies Story

WASHINGTON, Jan. 23.—"I am for Taft as strong as a man can be," was the emphatic declaration today of Postmaster General Hitchcock following the statement of the White House yesterday, declaring Taft's faith in Hitchcock's loyalty. "I did not realize," said Hitchcock, 'how far the rumors about my alleged differences with the president were going."

He declared that he is now working and will continue to work for Taft's presidential interests. Beyond this Hitchcock refused to discuss reports from Oklahoma that he had been working in the interest of Colonel Roosevelt.

CHURCH HAS ITS 60TH ANNIVERSARY

(Continued from Page 1)

are only remembered by the pioneers of this city.

James R. Kerr opened the evening program with a baritone solo. He was followed by a long address on "The Early Pastors" by John M. Holley, who told about the pastors who have labored in this field since the beginning of the church's history. He referred to the work and characteristics of every pastor who has filled the pulpit from the time of Rev. J. C. Sherwin up to the present incumbent, Rev. Henry Faville, who has been here for twenty-five years. He related the history of the progress under the leadership of each.

The Sunday schools came in for their part of the discussion in the paper read by Mrs. John Brindley, "The Bible Schools." Mrs. Brindley told of the beginning and growth of the Sunday school classes in the church from the few small classes at the founding of the church up to the present, when there are over 200 members in the various classes.

Mrs. Cilley Sings.

Mrs. P. L. Cilley came on the program at this juncture in a well given soprano solo Her singing was most pleasing.

"Choirs and Choir Music" was the subject of an interesting address by George W. Burton. The history of the choir of the church from the days of the "pitch-pipe classes" up to the time the large pipe organ was installed, was told in a very graphic manner.

Holley Is Honored.

The program was brought to a formal close by a paper by E. D. Loomis on "The Things that Remain," the paper being largely a discussion of the later history of the church.

Just before the close of the program J. M. Holley, Sr., was presented with a fine gold watch, the gift of the congregation in recognition of his long years of faithful service as head of the Sunday school. Mr. Burton made the speech of presentation, dwelling at length on the years of service Mr. Holley had uncomplainingly given to the church and the success the Sunday school achieved as a result. Mr. Holley was deeply moved by the gift and speech and responded by declaring that he was happy to be able to do what he could for the church and Sunday school. He said that the success of the Sunday school department had been accomplished in a large measure through the faithful co-operation and fidelity of the teachers and Pastor Rev. Faville.

MRS. HAFNER IS LAID TO REST

Many friends and relatives paid their last tribute to the memory of Mrs. Gebena Hafner when the funeral was held from the home of her mother, 106 South Seventh street, at 8:30 this morning, and from St. Joseph's cathedral at 9 o'clock. Rev. Sluyter officiated at the services.

Earl Kathen, Paul Tschumper, William Von Arx, John Lehman, Henry Kindhammer and William Langan acted as pallbearers. Interment was made in the Catholic cemttery.

PRESIDENT SUN WILL NOT QUIT

Head of Chinese Republic Will Not Resign for Yuan; Hope of Peace Is Abandoned

SHANGHAI, Jan. 23.—Hope of peace in China without further bloodshed was practically abandoned today when it was learned that a serious breach existed between President Sun Yet Sen and Minister of Justice Wu Ting Fang who has been carrying on the negotiations with the imperial government. The break threatens to result in Dr. Wu's resignation from the cabintt.

Dr. Wu had become convinced that a skilled executive should administer the affairs of China while the provisional government was in power, and planned to have Dr. Sun Yat Sen resign as soon as the emperor abdicated. Yuan Shi Kai was to become head of the government until after a national convention could be held to select a permanent ruler.

Yuan had agreed to this program, but President Sun today refused to resign and the negotiations with the premier were broken off.

Advices from Nankin late today says that Dr. Sun was convinced the throne intended to continue the struggle against the republicans and that he might order a renewal of hostilities at any time.

Reported Yuan Resigns

LONDON, Jan. 23.—Yuan Shi Kai today abandoned all hope of straightening out the affairs of China and turned the government over to the throne, according to a dispatch from Tien Tsin to the Exchange Telegraph. According to the dispatch Yuan has been succeeded by Gen. Yin Tschan, a loyalist of the most pronounced type.

CONVENTION WORKS ON CONSTRUCTION

COLUMBUS, Ohio, Jan. 23. — With almost one hundred proposals for changes in Ohio's constitution already introduced, various commissions of the convention today went into their first formal meetings to approve or reject ideas of the constitution makers. Actual work of what may be a three months' grind has started after three weeks of preliminaries. The official proposal of the Ohio Equal Suffrage league is one of the many important bills carried to the committee rooms today.

KNIGHTS OF COLUMBUS, LA CROSSE COUNCIL NO. 839

ACQUITTAL SURE SAYS ATTORNEY

M'Farland's Lawyers Confident of Pastor's Innocence; Friends Stick by Him

PITTSBURG, Pa., Jan. 23.—Positive lines of defense are today being prepared by Attorney Castle, counsel for the Rev. Dr. W. D. McFarland, venerable United Presbyterian minister, under indictment for causing the death of his former secretary, Elsie D. Coe, by means of criminal operations. Following an entire day spent with the minister-educator, Attorney Castle today declared: "Dr. McFarland will certainly be acquitted."

Cared for by friends and the two women who testified at the coroner's inquest and before the grand jury that they were present and saw the aged educator-minister-physician perform the operations, Lillian Coe and Mrs. Elizabeth Coe, the surviving members of the Coe family, are prostrated at the Frankstown avenue home, the mother still in ignorance of the real cause of her daughter's death.

United Presbyterian ministers throughout the city are unanimous in their belief of the aged parson's innocence.

SOCIETY PLANS ENTERTAINMENTS

Catholic Benevolent Association to Give Series of Entertainments at Theater

Plans are now well under way for a series of entertainments which will be given by the La Crosse Catholic Benevolent association at the La Crosse theater this winter. Some of the best known lecturers and entertainers in the state have been engaged, one or two of whom have appeared here before and are well and favorably known.

Prof. Alexius Bass, of the University of Wisconsin school of music, a baritone singer and dramatic reader, has been chosen to open the series in an entertainment at the theater January 31. Prof. Bass is known as one of the best entertainers in a musical line in the state. He will be followed by former Attorney General James L. O'Connor in a lecture on "The Catholic Church and The American Republic." The date for this lecture has not been definitely decided but it will be sometime in February.

Father A. B. C. Dunne has been engaged to give a lecture on "The Average Man." Father Dunne has addressed La Crosse audiences before and has a host of friends and admirers in this city. He will come some time in April.

The proceeds of the series of entertainments will be used in the charitible work of the Benevolent association.

THEATER WILL GIVE AWAY SLIPPERS IF—

Miss Mabel Taliaferro holds the reputation of having the smallest foot of any woman upon the American stage. The famous pair of silver slippers which she used in her performance of Cinderella—in the elaborate three reel motion picture production of that name, recently released by the Selig Polyscope Co., and soon to be seen at the Bijou theater—were made to order for the occasion and are No. 12 in size. This is in reality a child's size and Miss Taliaferro finds much difficulty in securing ready made shoes small enough to answer her purpose. The Bijou theater, noting this fact, have hit upon a scheme in connection with their forthcoming exhibition of the pictures. They are offering free with the compliments of Miss Taliaferro, the best pair of slippers number twelve size to the first six ladies over twenty-one years of age who can wear them.

France and Italy Are Still at Swords' Points Over Seizure of Vessel

PARIS, Jan. 23.—The cabinet was again called into session today to discuss the crisis growing out of the seizure of 29 members of the Turkish Red Cross aboard the steamer Manouba. Government officials were generally convinced that the matter could not be submitted to The Hague tribunal for arbitration unless the Turkish nurses are turned over to France.

Clash Probable

The autorite, in an editorial, stated significently:

"We trust that the government is prepared for any eventualities," while the Matin and other papers hinted that a clash with Italy was not improbable.

Ambassador from Italy Tittoni, today gave out a statement repudiating an interview accredited to him, in which he was alleged to have upheld the right of his government to seize the Turks.

Y LEAGUE TO PLAY TOMORROW NIGHT

Because of the Rube carnival which will be held in the Y. M. C. A. gymnasium Thursday and Friday nights, the teams in the "Y" basketball league will play their regular scheduled games on Wednesday evening instead of Thursday. The date for the contests has been changed in order that all the games may be played during the week they are scheduled for.

The closeness of the race has lent new interest to the league games, and as the dope on the outcome of the battles has been upset several times a keen rivalry between the quintets has resulted. Two good games will be played tomorrow night when the Sox and Pirates, who are in second and first places respectively, clash, while the Cubs and Giants will battle in the other contest. Both promise to be hard fought and interesting games.

Chicago Grain Letter

CHICAGO, Jan. 23.—Heavy receipts of wheat at northwestern market points and a break in the price at Minneapolis caused an easier tone in both May and July futures in the local trading today. Cable news was also in favor of the sellers. The Liverpool market was lower and reports from Argentine indicate more liberal offers of cargoes. Railroad reports show that a large movement of wheat is in progress from country elevators to the large milling centers.

Corn continued firm today notwithstanding reports of bigger offerings and a greater movement of the cereal. An attempt to start a reaction resulted in a decline of only ¼c in May corn and this loss was quickly regained.

Trade in oats is market with prices inclining toward a lower level. There was considerable selling of a local character due to anticipation of an easier tone in corn. There was fair commission house demand on all breaks.

The provision trade was quiet with the bulk of the business being done in pork. Interest in this market is limited and at present conditions reflect entirely the situation in the hog market."

BINGHAMTON, N. All of the injured were in the private car of the Vogel Minstrel company, which was being hauled from Norwich to Waverly, N. Y. The wreck is believed to have been caused either by a misunderstanding of orders or the block signals failing to work.

CHAMP GOT DRUG BEFORE BATTLE

Attell Says Poor Showing Against Brown Was Due to Cocaine Administered to Him

NEW YORK, Jan. 23.—That he was given an overdose of cocaine which robbed him of all his accustomed skill in his recent fight with Knockout Brown was the statement this afternoon made by Abe Attell, featherweight champion to the state boxing commission, which is investigating the affair.

Under oath the fighter declared that throughout the fight his mind was a blank, and that his brain, legs, arms and even his eyes refused to work. The cocaine was injected by the club physician and whether he received too much by accident, Attell said he did not know. He declared positively that Tom O'Rourke, who, he said, was "his bitter enemy," persuaded him to have the cocaine injected, saying it would prevent him hurting his tender arm and shoulder.

According to Attell's story, O'Rourke told him that big Al Palzer used the cocaine and it kept his hands in good shape, so he consented to have it administered. The club physician came to his dressing room just before the fight, he said, and injected the drug into the left arm in two places. As a result of Attell's charges the commission has ordered O'Rourke, who manages the club where the fight took place, and the club doctor to appear before it Wednesday and explain.

Attell said that one of the results of the administering of the drug said that for the first time in more than 200 fights he was compelled to drink large quantities of water during the fight.

"It stands to reason," said the champion, "that if I had planned to fake, I would have done a better job. They will admit that I am a good ring general and this would have made it possible for me to have put up a good fake fight if I had been trying to stall, but I tried that night and simply could not get anywhere. I trained longer for this fight than I ever did before and all I received was the $2,100, my share of the gate receipts."

LA CROSSE BOYS ON DARTMOUTH TEAM

Superintendent Benezet of the La Crosse schools received word Monday morning that two graduates of the La Crosse high school won a place on the Dartmouth university debating team. Six of the last year's veteran debators participated in the tryout and of this number only three made the team again. This is the La Crosse boys' first year at Dartmouth, and as both of them won prizes in a recent oratorical contest, their showing in the forensic line is creditable.

"I am going out, too; but you'll never know it. Old Glue-foot, for I shall return at 6:14."

But Tom got caught in a street car block and Mr. Soandso didn't.

CHICAGO, Ill.—The most remarkable tribute to want ad advertising has just come to light in the recovering of $1,500.00 worth of jewelry by Mrs. H. C. Turner of Louisville, which jewelry was lost during the world's fair. The advertisement was inserted in a local paper at that time and after eighteen years has finally reached the finder of the jewels and they have been returned to the owner.

It was while Mrs. Turner and her husband were visiting the world's fair in 1893 that the jewels were lost at the Marine Cafe. Mrs. Turner immediately advertised but without apparent success.

It now seems that the jewels were found by Mrs. B. L. Marks of San Francisco and she, too, advertised in an endeavor to find the owner of the jewels. She had given up all hope of finding the owner and had begun to look upon the jewels almost as her otwn when recently a covered imigrant wagon drove into Mr. Marks' livery stale in San Francisco which had journeyed across the continent from near Chicago. In the bottom of the wagon were a number of newspapers, one of which attracted his attention because he remembered that it was of the same date as his visit to Chicago on September 9, 1893. He immediately thought of his wife's jewels and in looking over the advertisements discovered the little want ad inserted 18 years ago. He immediately was placed in touch with Mrs. Turner through the efforts of the Louisville police and the jewels are now on their way back to their rightful owner.
